1. Project KDFACTOR was amended 10 December 1971 for \$4,260 for FY 1971 to cover the termination bonuses for KDFACTOR-1 and KDFACTOR-7. The Project amendment also provides funds of \$19,000 for FY 1972 and \$20,000 for FY 1973.

2. One of the provisos of the Project amendment is that the Station furnish Headquarters an updated security review of this operation with particular attention of the knowledgeability of terminated agents and their families. The Station should also address itself to the contingency that the present sites or personnel will be blown and investigate alternate means of continuing the KDFATOR coverage. Please forward the security review to arrive at Headquarters no later than 15 March 1972.

<p>ACTION REQUIRED: None. For your information.</p> <p>REFERENCE : HMMA-39,679, 28 October 1970</p> <p>1. Primary responsibility for the operational and administrative handling of the LIEMPTY Project was transferred, effective 1 December 1970, within the Station from the REDTOP to the Operational Support Section. This transfer was made as part of our effort to consolidate basic support functions in the Operational Support Section, and to relieve the REDTOP Section of activities which do not contribute directly to the pursuit of priority recruitment targets. However, the REDTOP Section will continue to be the principal consumer of the LIEMPTY product as received from the LILYRIC and LICALLA photo surveillance points. It will also be the main provider of guidance and requests for special LILYRIC/LICALLA coverage.</p> <p>2. The previous REDTOP Case Officer (Bruce H. FERNALD) introduced the new Case Officer, Howard T. BAGGUS, to LIEMPTY-9, -13, and -14 in early December. LIMOUSINE, owner of the LILYRIC property, will continue to be handled by Timothy M. LIEEMPTY/6 terminated amicably and resettled by his son-in-law - was content with termination bonus of \$4,736. Following termination, effective 31 May 1968, the LIMITED base house went out of existence - station did not retain apartment since coverage from LILYRIC is completely satisfactory. LILYRIC personnel have done such good work that station now has better coverage than ever and at less cost.

STATION SHOWS \$31,071 OBLIGATED AS OF 31 MARCH, LEAVING BALANCE OF \$11,114. ON BASIS PAST EXPENDITURES, CAN PROJECT ROUTINE DISBURSEMENT OF ABOUT \$10,000 DURING APRIL, MAY AND JUNE, WHICH WOULD INDICATE INSUFFICIENT FUNDS TO PAY \$4,736 NEW BONUS, BARRING UNLIKELY POSSIBILITY YOUR UNLIQUIDATED OBLIGATIONS CAN BE LIQUIDATED SO AS TO COVER IT.

<p>1. Headquarters' confusion regarding the various LIEMPTY properties is understandable, although each change in location was duly reported as it occurred, and at various times project renewal requests, progress reports, and other correspondence has pinpointed the locations of the base houses involved. The confusion undoubtedly stems from the unfortunate fact that LIMITED and LILYRIC in effect exchanged approximate locations in 1966 without changing cryptonyms. Up to this point, LIMITED had been in a building owned by WOFIRM (with LIMOUSINE fronting for WOFIRM). LILYRIC had been renting an apartment in a building in which WOFIRM had no financial interest. In 1965, however, LIMOUSINE bought the property containing the building in which LIMITED had been located, razed the building, and built a new building in which an apartment was rented to the Station (the rent, however, was to be returned to the Station for three years as partial payment on the loan which the Station had given LIMOUSINE so that he could buy the building). For various operational reasons it was decided to put the LILYRIC personnel into the new building, instead of the LIMITED crew. LIMITED was therefore moved into the building which LILYRIC had occupied. At this point, of course, new cryptonyms should probably have been assigned in order to avoid the confusion which has evidently developed. (This was not, however, simply a switch of personnel - each base house retained its organizational integrity, which is undoubtedly why crypts were not changed). As far as LICAMA is concerned, the confusion</p>

probably stems from the fact that, while its location has not changed, it is located within the LIMUST building, which is owned by WOFIRM (with LIMOUSINE acting as "front") and which is administered within the LIMESA project. As stated, however, all of this has been carefully documented for Headquarters. The LIMOUSINE purchase of the old LIMITED building generated considerable correspondence (see particularly MEXI-2189 and DIR 77743 of January 1965). HMMA-28322 and HMMA-30403 spelled out the reasons for switching LILYRIC and LIMITED, and the completion of the move was reported in HMMA-30687. Finally, sketches and plans of the LILYRIC and LIMITED houses in their new locations were forwarded with HMMA-31303, dated 7 February 1967. As far as LICALLA is concerned, its location and status was never open to question, and its location in the LIMUST complex is regularly mentioned in LIMESA progress renewal requests. The Station understands that a memo describing the locations of the various base houses was attached to the most recent LIMESA project renewal request when it was submitted to the staffs by WH/l.

2. Personnel within the base houses is also well-documented (most of the LIEMPTY progress reports have identified each agent in each house), and the personnel have never been switched from house to house. Perhaps the best rundown of these personnel is Raymond H. GERENDE's security review, forwarded with HMMA-31164, 24 January 1967.

3. Station Real Property reports are also, with one exception (MEXI-41), up-to-date and they reflect current conditions. MEXI-03 does, of course, include LICALLA. Nevertheless, the Station asked for \$1800 for rent and utilities for the following reasons: first of all, utilities are an unrecoverable expense no matter who owns the apartment. Secondly, the rent, even though returned to the Station because WOFIRM owns the building, must physically be paid by the occupant of LICALLA. He, in turn, is reimbursed by the Station via GERENDE. LIMOUSINE eventually returns the money, at which time it is credited to expense. This could, of course, be handled differently, but the Station has always found it convenient to finance in this manner, largely because finances with LIMOUSINE are handled on a semi-annual basis. The reimbursement, therefore, often comes many months after the payment.

4. The Station neglected to cancel MEXI-41, which should be done as it refers to LILYRIC in its old location, before the move in 1966. LILYRIC is now MEXI-132, and is in the building owned by LIMOUSINE. Rent payments are, as originally intended, being used to help liquidate LIMOUSINE's debt, and, as instructed in HMMS-4814, 15 June 1966, the Station is crediting this money to miscellaneous receipts. There can be, therefore, no question of the need to include money for LILYRIC rent and utilities in the LIEMPTY project. LILYRIC rent is, and has been since the apartment was occupied in October 1966, 3,000 pesos per month, which amounts to \$2,880 per year (\$3,200 has been requested in order to include utilities). Headquarters is correct in stating that the agreed-upon figure for the rent in this new building was 2,300 pesos per month. Station files indicate that the reason for the increase (and this apparently was not reported to Headquarters) was that the bank which holds the major part of LIMOUSINE's loan had determined that 3,000 pesos was a fair price for the apartment. The Station had, of course, no choice but to go along with this.

5. The Station has no record of MEXI-02, but it is likely that this is the old LIMITED apartment, which was indeed purchased by WOFIRM (via LIMOUSINE) in 1955. But since that building was later purchased and razed by LIMOUSINE, the old LIMITED apartment ceased to exist. The LIMITED base house was subsequently transferred to the building which had previously housed LILYRIC (but not to the same apartment), and LIMITED is

CONTINUATION OF  
DISPATCHCLASSIFICATION  
S E C R E TDISTRIBUTION, SOURCE AND NUMBER  
NMMA-33814

now carried, in its current location, as MEXI-113. As was the case with old LILYRIC, the rent money is not returned to the Station; WOFIRM has no financial interest in the building. Thus it is evident that the LIEMPTY project renewal, which used to say "LIMITED and LICALLA rents are returned to Station by LIMOUSINE and credited to Station miscellaneous receipts" should now carry the footnote "LICALLA rent is returned to the Station and credited to expense; LILYRIC rent is, and will be through September 1969, returned to the Station by LIMOUSINE and credited to miscellaneous receipts as partial payment on Station loan to LIMOUSINE."

6. Finally, the LIEMPTY darkroom is the room where the films taken by LICALLA, LILYRIC, LIMITED, and LIENTRAP are developed, printed, and (on request) enlarged by LIEMPTY-4. This darkroom is located in GERENDE's apartment, and he is paid 1,000 pesos per month for maintenance of the darkroom in recognition of the fact that one room in his living quarters has been turned into a darkroom, and his electric and water bills are substantially higher than they would normally be without a darkroom on the premises. GERENDE is building a house which he expects to occupy in February 1968. His plans for the house specifically include a LIEMPTY darkroom, and he will continue to be paid 1,000 pesos per month for this. To cover this payment in the new house, MEXI-137 has been written and will be forwarded to Headquarters shortly.

7. In answer to paragraph 5 of reference, it is hoped that the following summary will end the confusion:

a. LICALLA

- (1) MEXI-03
- (2) Address under separate cover (Identity-1).
- (3) LICALLA has been in operation at its present location since 1956, originally as a rented property. In September 1957 the building in which LICALLA is located (which consists of four units, collectively known as LIMUST) was purchased by the Station, with LIMOUSINE acting as a front.
- (4) Actual cost is nothing, since property is owned by WOFIRM. The original purchase price for the four units was \$40,000.00 with an additional \$20,000.00 spent on renovation. Rent is paid for cover purposes at the annual rate of \$1,248.00
- (5) Cost of utilities is estimated at \$552.00 annually.
- (6) Since June 1957, LIEMPTY-9 (originally LIPSTICK-39) has operated the LICALLA base house. No other LIEMPTY agents are associated with LICALLA.

b. LIMITED

- (1) MEXI-113
- (2) Address under separate cover (Identity 2)
- (3) LIMITED has been in its current location since December 1964, and it is a rented property. At its previous location, the LIMITED base had been in operation from 1953 until September 1964.
- (4) Annual rent is \$1,440.00
- (5) Annual cost of utilities is estimated at \$560.00.
- (6) LIEMPTY-6 (originally LIPSTICK-14) has operated the LIMITED base house (in both locations) since 1955. No other LIEMPTY agents are associated with LIMITED.

c. LILYRIC

<p>(1) MEXI-132        (2) Address under separate cover (Identity 3)        (3) LILYRIC has been in its present location since October 1966, when the new building was completed and ready for occupancy. It is a rented property, although for three years beginning 1 October 1966 the rent is to be returned to the Station as part of payment on a loan to LIMOUSINE. This loan was made to permit LIMOUSINE to purchase the property and construct the building in which LILYRIC is located. This property had previously belonged to WOFIRM and had contained the building in which LIMITED had been located. LILYRIC was previously (November 1956 to September 1966) located in a rented property (the same building, but not the same apartment, in which LIMITED is now located).        (4) Annual rent is \$2,880.00.        (5) Estimated annual cost of utilities is \$320.00.        (6) LIEMPTY-13 (originally LIJERSEY-2) has operated the LILYRIC base house (in both locations) since LILYRIC was established in 1956. He is supported by his wife (LIEMPTY-14), and his son (LIEMPTY-27). Another son, LIEMPTY-26, has also worked in LILYRIC. (Because LIEMPTY-13 has a full-time job, LIEMPTY-14 does most of the photographic work, assisted by LIEMPTY-27. LIEMPTY-13 does some of this work, and makes all meetings with GERENDE.)</p> <p>d. LIEMPTY photo lab.</p> <p>(1) MEXI-137        (2) Address (as of February 1968) under separate cover (Identity 4).        (3) Actually, no property as such is involved here. The Chief of Station authorized payment to GERENDE for the use of a room in his quarters as a darkroom in 1964, after GERENDE was moved out of a base house in which he lived (rent-free) and maintained the dark room.        (4) and (5) Annual cost is \$960.00, including utilities.        (6) The occupant is GERENDE, although the photo processing is normally done by LIEMPTY-4.</p> <p>8. It is hoped that the above will shed some light on the problem; the Station will be glad to answer any further questions Headquarters may have.</p> <p style="text-align: right;"><i>Vincent P. 1. Attached is a copy of the subject accounting. The original was forwarded to the Office of Finance by reference A.

2. As requested in reference B, there are no YF-1966 unliquidated obligations. FYI: FY-1967 unliquidated obligations are as follows:

SUPPORT	\$1,764.00
LIMAO	232.15
LIP	169.45
LILISP-X	2,920.30

In regard, upon receipt of LIMCONGA refunds for safehouse rent collections for the period January thru June 1967, Projects LIMBA and LIMPLY will be credited in like amounts.

3. It is requested that YF-68 advice of suballocations for all Station's activities be forwarded as soon as available and that "Notifications of Project Approval Action" for Projects LIMCONGA and LIMPLY be amended to increase FY-68 funds available in the field as follows:

LIMCONGA - to \$6,700 (for quarters, operational travel, rental of safehouse, and miscellaneous operational expenses).  
LIMGOL - to \$20,000 see HUNA-13669.

10000 REQUESTED - REFERRED

1. The presence of so many new desk personnel at headquarters - people who are unfamiliar with station history - means that we must turn to you with questions oftener than you might wish. Our present question concerns property involved in LIEMPTY. (We are submitting the project as received from the field, but do not understand the background very well.)

2. HMMA-11257 of 16 January 1959, a project renewal, said that "approximately one year ago the LICALLA base was purchased by KUBARK through LIMOUSINE", and we have not found any cables or dispatches which would show a change in that status. Does NEXI 03 LIMUST/LIMESA (see Real Property Report of August 1967) include LICALLA? If so, and if we own LICALLA, why does it cost us \$1800 a year for rent and utilities? (Up until the submission dated 1963 the project renewal used to say "LIMITED and LICALLA rents are returned to station by LIMOUSINE and credited to station miscellaneous receipts" but after that time this sentence was eliminated.)

3. LIMITED is a different problem complicated by the fact that we are no longer sure what the name refers to. Originally we bought LIMITED and then sold it in January 1965 to LIMOUSINE who put up a new building on the lot and saved an apartment for our use. LIMOUSINE now owns the new building, but "MEXI 02, LIMITED Safehouse" is shown on the Real Property Report as "purchased" by WOFIRM in 1955 - should this not be corrected? A further complication is that HMMA -31164, GERENDE's January 1967 security review, speaks of LILYRIC in its present new location, inhabited by LIEMPTY/13, /14 and /27. Has the old LIMITED been re-christened LILYRIC because of its new inhabitants? When was it completed and are we still withholding rent from LIMOUSINE in settlement of his payment to us for the property. The REAL Property Report shows LILYRIC, MEXI 41, as having been leased in 1958 and costing \$1030 to maintain (\$856 rent, \$44 reparis, and \$130 utilities). It also shows MEXI 132 LIEMPTY, LIMOUSINE, LILYRIC as having been rented in October 1966 for \$2880 a year (which is more than the 2,300<sup>th</sup> monthly rent for the flat in his new building which LIMOUSINE agreed that we would withhold for a period of two years after completion in partial settlement of his purchase of the LIMITED property.) (HMMA 25310, 3 February 1965.)

4. What does the LIEMPTY darkroom consist of?

5. We are, as you can see, confused. Would you be kind enough to send us a brief summary of each of the four LIEMPTY properties.

- a. name and property (MEXI) number
- b. address (under separate cover)
- c. date purchased, sold, rented, etc.
- d. Basic cost (original cost if purchased, annual cost if rented)
- e. cost of utilities
- f. occupants

6. If rental money which we pay out for cover reasons is subsequently returned to us, should it be included in a project?

LIEMTRACE/LIEMPTY - Transfer of Responsibility for the LIEMTRAP Vehicle				
ACTION REQUIRED - REFERENCES				
<p>Action Required: For your information</p> <p>References : MEXICO CITY-2600 MEXICO CITY-2654</p> <p>1. In July 1967 the responsibility for the LIEMPTY Project passed from the Station Support Section to the REITOP Section, where it more reasonably belongs. However, the LIEMTRAP segment of the LIEMPTY Project has little to do with REITOP activities and more rightly belongs in the Support Section. The Station, therefore, decided to transfer the LIEMTRAP vehicle, LIEMPTY-10 and LIEMPTY-11 to the LIEMTRACE Project with LIEMTRACE-3 to be the Principal Agent. This decision was based on both security and operational efficiency considerations. The formal change of command was made on 10 August 1967 in a meeting between CHIEF/DE, LIEMPTY-10 and LIEMTRACE-3.</p> <p>2. Certain members of the LIEMTRACE surveillance team were already knowledgeable of the existence of the LIEMTRAP vehicle and its operators from past operations and also from the old LIPSTICK Project. Conversely, LIEMPTY-10 was knowledgeable of the existence of the surveillance team and knew some of the members of the team (LIEMTRACE-4 is the step-son of LIEMPTY-10). By placing the vehicle under the command of LIEMTRACE-3, there was no breakdown of compartmentation.</p>

3. On the other hand, the LIENTRAP vehicle was the most vulnerable part of the LIEMPTY complex and a roll-up of the truck could lead to Raymond H. GRENDE, Principal Agent for LIEMPTY, and from GRENDE to the sensitive LIEMPTY photo bacheouces. Thus, by attaching the LIENTRAP vehicle to the LIEGRACE surveillance team we have actually improved the security of the LIEMPTY Project somewhat.

4. On the operational efficiency side, the benefits which will accrue from having the truck tied-in with the surveillance team for use in dispatching are obvious. In many areas of the city, such as around the market areas and third class hotels, an ostensibly empty truck attracts much less attention than a person on foot or even a passenger car. The ability to dispatch a target and at the same time take photographs of the target and any companions has its operational advantages. Hopefully, in some of the target-of-opportunity coverages now provided by the surveillance team, it will be possible to take photographs of the person with whom the PJSTEAL officer meets. Certainly, if the team takes an unidentified subject home after a target-of-opportunity discovery, by allowing the team leader to place the photo truck on the home we will speed-up the receipt of photographs.

5. LIEMERACE-3 was told that LIEMPTY-10 and 11 have certain accommodation addressees which they must check on a routine basis and that any assistance given the LIEMERACE team should not interfere with this task. It was stressed to LIEMERACE-3 that under no circumstances should team members transport or otherwise assist in the servicing of the accommodation addressees. LIEMERACE-3 was briefed on the normal activity of the LIENTRAP truck in providing photographic coverage of addresses in which the Station has an interest. As for handling the use of the truck, the following caveats were laid upon LIEMERACE-3:

- a. LIEMERACE-3 should discuss the normal activities of LIENTRAP only with LIEMERACE-1, the assistant team leader.
- b. The truck is not to be used in active mobile surveillance without the approval of the Station.
- c. The truck will be used for dispatching purposes only in those areas in which passenger vehicle and/or foot dispatching are not feasible.
- d. LIEMPTY-10 and LIEMPTY-11 will not be used for active surveillance nor will they be introduced to team members who do not presently know their true identities.

6. Operationally, the efficacy of the use of the LIENTRAP truck in coordination with the LIEMERACE team has been proven in the coverage and surveillance of a letter-drop on Mexico City. Please see references for details of this operation, which could not have been accomplished in a secure manner without the truck assisting the team. No problems have been noted as a result of the change in command structure for the LIENTRAP truck.

7. Financially, one possible problem is evident in the new arrangement. Headquarters has limited the costs of the LIEMERACE Project to US\$ 50,000 per year and it will not be possible for the Project to remain within this figure with the LIENTRAP vehicle and personnel included the train. The Station does not see this as a great problem because the Operational Program includes the cost of these assets in the LIEMPTY Project and the transfer will merely mean a decrease in LIEMPTY equal to the increase in LIEMERACE.

SUBJECT	LIEEMPTY/Status of LIEEMPTY-5	

ACTION REQUIRED : REFERENCES

Action Required: For Your Information

Reference : HMMW-15270, 23 February 1967

1. LIEEMPTY-5 is the wife of LIEEMPTY-4, the operator of the photography base used in processing the pictorial take received from the various units within the LIEEMPTY complex. As such, she sometimes assists LIEEMPTY-4 in the photo processing work. She is carried as a part-time basehousekeeper because she must remain at home as added security when photographs are being processed and/or being held until the scheduled meeting between LIEEMPTY-4 and Raymond H. GERZENDORF takes place and the photographs passed for onward transmittal to the Station.

2. The Station regrets that LIEEMPTY-5 was not included in the last Project Renewal Request, but the oversight probably resulted because LIEEMPTY-5 does not receive a salary at the present time. The Station wishes to keep her present Memorandum of Oral Commitments, which calls for an hourly salary, in effect in case her services as a salaried asset are needed in the future.

SUBJECT : Project Funding Plan/Project  
LIEMPTY (FI)

A. Identification of Activity

1. Project cryptonym: LIEMPTY
2. Approved for: 1 December 1965 - 30 November 1966:  
\$41,500  
FY 1966 - \$25,520  
FY 1967 - \$15,980
3. Proposed successive fiscal year budget: Same
4. Brief statement of project aims, character and structure:

The purpose of this project is to provide support for mobile (1 truck) and stationary (3 base houses) photographic surveillance; one base house is also used as a dispatching base for a physical surveillance team. This project covers one Mexican Contract Agent who serves as Principal Agent for the eight Mexican field agents under the Project.

B. Funding History

1. The Contract Agent receives his salary directly from the Mexico City Station Case Officer (\$640/month). He also receives money from the Station which he uses to pay the field agents their salaries (total of \$1,760/month) and operational expenses. Receipts are received.
2. Funds have always been handled in this manner.

SUBJECT: Justification for Automobiles under Project LIBERTY

1. It is requested that the Mexico City Station be authorized to purchase three used sedans for use by the LIBERTY surveillance team. The Station plans to expand the LIBERTY surveillance team into a larger, well-trained physical surveillance asset. They will need three automobiles. Private automobiles or commercial transportation will not be satisfactory since the cars must be outfitted with two-way radios.
2. Authority is also requested to purchase a panel truck to be used in the LIBERTAP operation under this Project which mounts mobile photographic surveillances.
3. It is also requested that a quasi-personal car be authorized for Oliver C. Scantling (ps). Scantling is an indigenous agent under oral contract. A car is a prerequisite for his work for KHMRAK which includes casings, surveillances, and investigations. Because of the sensitive nature of his work, and the heavy use made of the car, the Station has decided that Scantling should be furnished a QP car.
4. LIBERTY agents were formerly carried under the LIBERTY and LIPSTICK Projects. The vehicles used by the LIBERTY agents under these other projects will be disposed of and new ones will be purchased after the above TVA has been approved. The vehicles which will be replaced are HV 2148, HV 2147, HV 2138, and HV 2041. One of the surveillance cars will be new and will not replace an old car. It was decided that these vehicles should be replaced rather than transferred to the LIBERTY project for security reasons and because of the age of the automobiles. The automobiles are 1951 and 1952 models and have been used for sensitive surveillance work for over two years. The panel truck which was used in the LIBERTAP Operation under the LIPSTICK Project has been operating for two years in all parts of the city and has become a security threat. The fact that the LIPSTICK surveillance team knows that the truck exists, even to the point that one of the team members is the listed owner of the truck, also dictates replacement of this vehicle.

MEMORANDUM FOR: WH/Personnel

SUBJECT : Request for Staff Agent to fill BAP-8100 Slot  
in Mexico City

1. It is requested that WH/Personnel locate a Staff Agent to fill the BAP-8100, 10 (FI), GS-12 slot in Mexico City which was recently vacated by Wilfred O. CLOWER (ps).
2. This Agent must be bilingual in Spanish and should have operational experience, especially in physical surveillance techniques. It would be helpful if the candidate also has area knowledge. He will be expected to spot, develop, recruit, and direct surveillance assets.
3. It is requested that a suitable candidate be located as soon as possible so that the Contract Agent now performing those functions can be relieved of this responsibility and can devote his time to other tasks.
